SIMMONS U. TEAM HERE FOR GAME SATURDAY NITE

GAME BETWEEN BUFFS AND COWBOYS TO BE CLASSIC

Both Squads Present Strong Teams This Season; Buffaloes Lost In Game Last Year.

After making a name for itself and almost taking the measure of the Phillips All-Stars on the home court last Saturday night, Coach "Sad" Sam Burton has been drilling his youthful Buffalo squad to the limit this week in preparing for the coming engagement with the Simmons Cowboys here on Saturday evening at 8 o'clock.

The game with the Simmons team will be last year's Champs vs. last year's champs. The Buffaloes opened the season at home last year with the Simmons team and while each team won the championship of its respective conference, the Simmons Cowboys trimmed the Buffaloes in the opening game, a year ago.

It has been avowed that when the two teams meet Saturday night that the result of last year's game will not be similar. The Buffs have been showing fast improvement and promise to develop into a very fast stepping crew before the season ends.

After they meet the Simmons team here Saturday night they will leave for Daniel Baker for the following week-end to engage the Hill Billies in a two game series which will be the first two conference basketball games of the current season.

Both Simmons and West Texas lost heavily from graduation last June, but neither team seems to be weakened any. Simmons has three new men in their line-up, having only two men back who started the games last year. But the team, after starting rather slowly against Southwestern competition, seems to have struck their stride in the last few games and now looks to be the class of the Texas Conference.

The Buffs do not have a single man this year who was classed as a regular last year. Yet Coach Burton's young stars are doing quite well, having split a two-game series with Baylor, beat the Panhandle A. & M. and Texas Mines one game each, took two from Texas Tech, and dropped a 30 to 28 game to the Phillips "66" team, a group of All-America stars.

The Cowhands dropped a game to Baylor and two to T. C. U., split with Denton and lost one to Commerce Teachers. They have stopped Daniel Baker in two games and last Saturday night, took the measure of Texas Tech 39 to 25, using a second string outfit during most of the latter half.

First State Bank Names Officers at Meeting Tuesday

Directors were elected at the annual meeting of stockholders of the First State Bank held Tuesday afternoon They were: J. M. Black, J. W. Reid, R. A. Bellah, Grady Oldham and S. H. Wright.

Officers of institution who were elected are: J. M. Black, president; S. H. Wright, active vice-president and Grady Oldham, cashier.

Miss Ruth Knight, who has been quite ill here at the home of her parents, Mr. and Mrs. John Knight, since the Christmas holidays, was able to resume her position as music teacher in the Myers School of Music at Panhandle Monday.

L. H. Rhodes, principal of the high school at Dalhart was transacting business in Canyon Saturday.

Warwick to Write About Legislature

Again Representative Clyde W. Warwick will give to the readers of the News a full inside view of the activities of the Texas Legislature at Austin. Mr. Warwick will follow the same policy as he has done in the past by writing a weekly discussion of the affairs of that body.

The first discussion of the present legislature appears in this issue of the News. He discussed the unemployment problem as it is connected with state affairs; touches on the political ambitions of Dan Moody and other subjects. Turn to page two of this issue and read the first discussion by Mr. Warwick regarding this session of the legislature.

Dismiss Charges Against Burgess and Farmer in Connection with Bank Hold-Up—Evidence Insufficient, Thomerson

Charges against A. D. Farmer and Jack Burgess, of Borger, who have been held for grand jury investigation, since their arrest late Saturday, January 10, were dismissed at 5:05 o'clock yesterday afternoon by District Attorney Edw. W. Thomerson, who declared that the evidence presented to the grand jury was insufficient for that body to return a bill of indictment against them.

The charges were filed against the two following their arrest in Borger, on the afternoon following the hold-up of the First National Bank, when six persons including Sheriff Fry were bound and gagged while two masked men escaped with almost $14,000.00.

The arrest of Farmer came about by tracing the number of an automobile which was discovered by nightwatchman Bob Price, parked on Third Avenue on the morning of the robbery of the bank. The car being parked where it was aroused the suspicions of Price and he noted the number of it.

Although Burgess and Farmer, the only two charged in connection with robbery of the First National Bank on January 10, were released, Sheriff John Fry stated this morning that officers were still working on the case.

It is believed that the two Texas Rangers who were brought here to aid in hunting clues to the robbery, are still in the Panhandle. However they have not comunicated with the sheriff's office here in the past day or so.

The detective for the American Bankers Association who has been working on the case, is still in the Panhandle. He is in Clarendon today, appearing as a witness in a bank robbery case there. He is expected back in Canyon Friday.

W. C. Black, Cashier of the bank stated this morning that it is expected that the safe repair expert who has been repairing the small safe of the bank will complete his work in the next day or so. The burglars broke a part of the inside of the safe when they got the money from it and it has required several day's work to complete the repairs.

The number was traced through the tax collectors office at Panhandle. Farmer who lives in Borger stated that his car had been stolen the night before the robbery here, and that he had reported it to Borger police. He said that he was in Amarillo Saturday morning and about 11 o'clock he found his car parked in front of a hotel there.

Burgess and Farmer were both placed in jail in Amarillo where they were held until their release late Wednesday. Burgess was brought to Canyon several times by officers in an attempt to have him identified as being implicated in the robbery but no positive fact could be established.

Bank employees state that the views of the two men who held up the institution were so slight and that the men were so heavily dressed and masked that it would be hard to identify either of the hold-up men.

It was believed that Farmer's car was used in connection by the hold-up men and that theory brought about his arrest.

Burgess admitted to local officers that he had been tried at one time for bank robbery in Oklahoma but was acquitted and that he had served time in the Kansas State prison for car theft.

County Library Plan Proves to Be Popular Idea

The new circulating library for rural schools of the county is now being distributed among the schools subscribing to it and County Superintendent Orton states that it is meeting with favor in all of the schools.

The idea is a new one for the schools of this county and is sponsored by the Randall County Teachers Association. The plan of the circulating library will give all of the rural schools subscribing to it an opportunity to have the use of a much larger collection of books than it is possible for a small school district to buy for its individual use.

Miss Patsy Van Dyke of Canyon accompanied by Mr. and Mrs. Urlan Streu and Raymond Steele of Hereford enjoyed a trip to Palo Duro Canyon Sunday.

T. E. Furlow was an Amarillo visitor Sunday.

Is School Head Again

SUPT. IRBY CARRUTH

At a meeting of the Board of Trustees of the Canyon Independent School District, Thursday night, January 15, Superintendent Irby Carruth was elected to succeed himself as superintendent of the Canyon Schools.

District Court Working on Cases in Closing Week

In an effort to clear the docket of the District Court, for the winter term, Judge Henry S. Bishop, has been pushing the machinery of the court to the fullest extent possible.

This term of court has been featured with an unusually large number of damage suits as well as hung juries.

Another indictment was returned by the grand jury Tuesday afternoon, charging Jimmie Slade with driving a car while intoxicated. He was indited on a similar charge by the grand jury of the August term of court. He made bond then and his case was set for trial in this term of court. He was arrested Tuesday on the new indictment and was released under $5,000.00 bond. It is expected that his case will come up for trial this week.

In the case of the Panhandle Construction Company vs. J. B. Sikes, et al, a verdict favoring the defendant was returned by the jury. Notice of appeal to the higher courts has been filed by the plaintiff.

Several cases with charges of criminal action have been tried and in each case the defendants have been found not guilty.

One divorce has been granted during the past week.

In the damage suit of W. A. Snapp vs. Leo Stocker, the jury returned a verdict favoring the defendant.

First National Elects Officers and Directors

At a meeting of the stockholders of the First National Bank, held Tuesday afternoon, January 13, directors of the institution were named for the coming year. A meeting of the directors was held on Tuesday afternoon of this week to elect officers for the bank.

Directors elected were: Oscar Hunt, J. W. Green, W. C. Black, Wallace R. Clark, W. A. Warren, Clyde W. Warwick, and J. W. Reid.

Officers re-elected to serve another year were: J. W. Reid, president; Oscar Hunt, vice president; and W. C. Black, cashier.

COMPENSATION MAN FOR EX-SERVICE MEN IS COMING

Wynn S. Goode, State Service Officer will be in this vicinity in a short time in the interest of ex-service men's claims for pension or compensation, R. E. Harter announces.

Any ex-service man who has a worthy claim which is service connected, and who desires to apply for either a pension or compensation should notify Mr. Harter immediately. He states that Mr. Goode is fully capable of handling all kinds of claims and this is an opportunity which should not be passed up.

Guests in the home of Mrs. B. Brewer Sunday were, Mr. and Mrs Neal Edwards and children, and Mrs. G. B. Moss, all of White Deer and Mr. and Mrs. Cecil Jones of Amarillo.

ART EXHIBIT AT COLLEGE OPENS FOR TWO WEEKS

CIRCUIT EXHIBIT OF S. S. A. L. BROUGHT HERE.

Exhibit is Being Held in Office of Dean of Women; Sponsored by Phidias Art Club.

An exhibit consisting of 41 pictures painted by southern artists and being shown by the Southern States Art League, opened here this morning at the College. The exhibit is being held in the office of the Dean of Women on the first floor of the Administration Building. Both students and townspeople are welcome to view the pictures in the exhibit which will be here until February 4. The Phidias Art Club of the College is sponsoring the exhibit.

This exhibition of the Southern States Art League will give college students the best opportunity which has ever come to this section to acquaint themselves with representative work of the great number of artists who are native to the South. Most of the forty-one pictures which are shown are subjects found in Texas, Alabama, Florida, Tennessee, and Louisiana, and most of the names found in the catalogue are those that should be familiar to people of the south and west.

Texans should find the exhibit of particular interest since the Southern States Art League which sends it out, has a larger membership in Texas than any other state, 178 of 652 coming from this one state.

One of the firm beliefs of the Southern States Art League, of which Miss Isabel Robinson of the W. T. Art department is a member, is that art should be the precious possession of all people, and that artists should find their subjects in the region in which they live.

Speaking along this line President Ellsworth Woodward, who has been directing the policies of the Art League for the past seven years, said, "No greater fallacy is possible than the idea that art belongs elsewhere. Art is an expression of love and understanding of life. It has its genius and it abides where love and understanding of life and its issues find expression with the artist; and generous appreciation of his labors is extended by the layman."

Southern types in portraiture, southern flowers and landscapes, scenes in Southern cities and towns, are therefore found in the exhibition.

Persons who have viewed many exhibitions suggest to students and townspeople that they go frequently to see the pictures, allowing themselves to become well acquainted with the whole exhibit and later view again and again the ones which are especially interesting to them. In this way the exhibit will become one of the interesting experiences of the college year.

Will Ask State to Award Contract South in February

County Judge S. B. Orton announced Wednesday afternoon that all papers had been completed and the Randall County Commissioners Court would request that the State Highway Department let the contract on the paving for the new highway from Canyon south to the county line at the February meeting of the department. It is expected that this contract will be let, as only the preparation of a few minor papers prevented the letting of the contract at the January meeting of the State Department.

The Commissioners Court has accepted the report of the Jury of view on the right-of-way on the highway from Canyon west to the county line, and condemnation proceedings have been carried through.

All of the right-of-way deeds along the west highway have been drawn up and a part of them have been signed by the landowners and the County is paying for the land as the deeds are being signed. All of the money for the right-of-way is being held in escrow and each landowner will be paid as he signs the deeds.

No great amount of trouble has been encountered in securing the right-of-way and all of the deeds are expected to be in the hands of the Commissioners Court at an early date.

J. R. Bain of Clarendon attended to business interests in Canyon this week.

Mr. and Mrs. Hubert Hartman visited in Dimmitt Sunday.

Hill Is Named Official of the Panhandle, Inc.

Working under a new name, The Panhandle of Texas, Inc., formerly known as the Panhandle-Plains, Inc., at a meeting held in Amarillo Friday of last week, elected new officers for 1931.

Sam Braswell, well known Panhandle publisher and active supporter of the organization was chosen as president, while Dr. J. A. Hill, president of the West Texas State Teachers College, was elected as vice president of the organization.

A new executive committee was named as follows W. J. Casey, Dalhart; Dr. O. H. Loyd, Vega; O. C. Watson, Tulia; Jno. E. Hill, Amarillo; C. R. Stall, Borger; C. H. Walker, Pampa; E. H. Black, Hereford; Dr. J. A. Hill, Canyon. The finance committee consists of E. B. Black, Hereford; Dr. J. A. Hill, Canyon; Tom Cotton, Amarillo.

At the meeting Friday Pampa was awarded the next meeting of the Panhandle of Texas, Inc., which is set for February 9. Delegates present voted for the endorsement of the establishment of the proposed agricultural experiment station in the Panhandle.

While the sessions of the Panhandle of Texas, Inc., were being held a committee of Panhandle county agents were busy working up details of a brief to accompany a bill soon to be introduced in the House of Representatives at Austin by Representative Clyde W. Warwick and in the Senate by Senator Clint C. Small, authorizing the establishment of a major State Experiment Station "somewhere in the wheat belt of the Panhandle of Texas."

Attending the meeting from here were Dr. Hill and W. H. Upchurch.

Rotarians Hear Talk by Visiting Minister Tuesday

Rev. W. Y. Pond, of Waco, who is conducting a revival at the First Baptist Church, was the speaker at the regular weekly meeting of the Canyon Rotary Club Tuesday noon. Choosing as his subject, "The Winning Spirit," the speaker declared that "faith" was the outstanding fact in every success.

Rev. Pond asserted that this nation is passing through a period of re-adjustment and that it only requires faith to see the bright side to the future. He admonished his listeners not to follow the views of the oriential peoples, which he said point to the past achievements and cling to the ancient.

"Faith," the minister said, "in every line of endeavor has brought victory. It has caused men to reach out and discover new things." He mentioned several discoveries made during the past several decades by the medical scientists and attributed these discoveries to the faith of the men who made them.

President Doug Shirley read to the club, the resignation of Flannigan Smith, as a member and as secretary of the club. This resignation was accepted and a committee composed by Sylvester Ingham, Travis Shaw, and Harry Brown to submit to the club the nomination of a successor for secretary at the next meeting.

Visiting Rotarians present were: C. R. McAfee, A. E. Gosnell, Grady C. Nobles, Guy A. Carlander, Jess Smith, R. P. Parcells, C. W. Rogers, and Ben Anderson all of Amarillo. Guests present Tuesday were: Rev. W. Y. Pond, Waco, Rev. C. G. Howard, Dan Sanders, Rev. L. R. Hudson, all of Canyon and C. D. Nobles of Amarillo.

Hill to Deliver Mid-Year Address at Clayton, N. M.

Members of the faculty of the Teachers College are begining to receive invitations to deliver commencement addresses throughout northwest Texas.

President J. A. Hill has been invited to give the mid-year commencement address at Snyder, Texas, and he has accepted an invitation to deliver the address to the graduating class at the Clayton, New Mexico High School.

HOWARD YOUNG FINED

Howard Young, who was arrested here January 12 by local officers was tried in Justice Court here last Friday, on a charge of swindling with worthless checks. The jury which heard the case found him guilty and assessed a fine of $25.00 and costs, totaling $42.00. Young was still in jail serving out his fine early this week.

TRADES DAY WILL FEATURE NEW PLAN WITH FARMER MANAGERS IN MANY CANYON BUSINESS FIRMS

Unusual Array of Bargains Offered for Shoppers of Canyon Trade Territory for Regular Monthly Trades Day of the Chamber of Commerce.

A novel idea will be carried out in Canyon on Monday, January 26, the day for the regular Monthly Trades Day of the Canyon Chamber of Commerce.

The day will be promoted more as a good will day than as a sales day, although numbers of money saving bargains will be offered.

Several stores of Canyon will have farmer-managers next Monday. This is a new and novel plan for Trades Day and many believe it will prove popular with the shoppers in Canyon Monday.

A very unusual array of bargains will be offered for the day at various firms of Canyon.

Everyone in the Canyon trade territory is urged to come to Canyon and meet their friends and neighbors who are acting in the capacity of managers for some of the firms in Canyon for that day.

Gets Appointments

CLYDE W. WARWICK

Warwick Named On Committees of House at Austin

Word was received from Austin Wednesday afternoon of the appointment of Representative Clyde W. Warwick to membership on four important committees of the House of Representatives, by Fred Minor, Speaker of the House.

Mr. Warwick was honored with the appointment as chairman of the Contingent Expense Committee in the House and a member of each of the following committees:

Appropriations; Banks and Banking; and Municipal and Private Corporations.

Each of the four comittees is considered important and the word of his appointment to these places, was well received here by friends of Mr. Warwick.

President J. A. Hill of the College, when informed of these appointments said, "I am pleased to learn of this good news and especially am I pleased to know that Mr. Warwick is a member of the House Committee on Appropriations."

Large Number of Cows Listed for T-B Test Soon

Increasing numbers of dairy cow owners in the county and town are taking advantage of the special offer made by the Randall County Dairymen in connection with the annual T-B test for dairy cows, members of the association committee in charge of that work, state.

Each year the cows are tested by a recognized veterinarian, on the basis of a pool of a given number of cows to be tested. In this way the Dairymen are able to secure a reduced cost in the testing in comparison with the figures for testing of a single herd. The offer to take advantage of this great saving is passed on to dairy cow owners other than members of the association.

So far this year, members of the committee state, over 1,000 cows have been listed for the test. Last year the number ran near 1,000 and a very low percentage of the cows proved to be infected with T-B.

Any cow owner who desires to get into the pool for testing, is required to get in touch with any member of the committee at once as the time for taking advantage of the low rate will last only a few days longer. Members of the committee include, L. T. Campbell, R. O. Allison and E. Gidden. The test pool is conducted without profit to the association but rather as a saving to the dairy cow owners.

Rev. and Mrs. C. E. Jameson and son, Jamie, returned Tuesday from Plainview where Rev. Jameson attended the Executive Meeting of the Board of Missions of which he is a member. They also visited in the home of his brother, L. Y. Jameson while there.

Law Makers Are Impressed With Canyon Pictures

Much favorable comment has been received from members of the Legislature who were sent a package of colored postcard pictures of the Palo Duro Canyons, by the Chamber of Commerce.

These cards were mailed out about the first of January and several letters have been received by the Chamber of Commerce from members of the Legislature.

All who have written in response to receiving the package of beautiful cards have expressed themselves as being ready to aid in securing some kind of legislation in regard to a State Park System.

One legislator wrote to the secretary and requested that he be sent another package of the cards. He said that he gave the first cards to a friend of his who placed them on display in the windows of a large department store in Fort Worth.

Reliable information comes from Austin, that a number of the members of the state law making body have become interested in the Palo Duro Canyons and the other park projects as a result of the colored pictures of the canyons which were sent them.

Will Organize Exes of Randall County Here on Saturday

The ex-students of the West Texas State Teachers College residing in Randall county will meet at the Canyon High School building Saturday morning at 10 o'clock for the organization of a Randall County Ex-Students Association, according to Irby Carruth who will be chairman of the meeting.

Mr. Carruth states that he feels that Randall County should have an ex-students organization by all means. "Practically every county in the Panhandle has such an organization," he says, "and surely Randall county the home of the College should not be without one."

Every ex-student of the College is invited to be present if at all possible to attend the meeting, Mr. Carruth says.

Mr. and Mrs. S. H. Jones, Mr. and Mrs. Mitchel Jones and Frank Jones were all guests of Mrs. John Bishop of Spearman Sunday.

Postpone Luckner Talk at College

Announcement was made early this week of the postponement of the appearance of Count Felix von Luckner, noted German lecturer, who was scheduled to speak here on Friday evening, January 23, as an attraction of the Lyceum course of the College.

The postponement of the speaking date here was due to the Count's failure to recuperate from the injuries received in his recent auto accident.

The approximate date for his appearance here has been set for some time during the week of February 9.

42ND LEGISLATURE
(Clyde W. Warwick)

The 42nd Legislature opened under the most favorable conditions. Harmony has prevailed to a far greater extent than usual. Only a small amount of dissention has arisen during the first week of the session.

As was predicted Fred H. Minor of Denton was chosen Speaker without opposition. Minor is of a cool, steady temperament, well qualified to preside over a Legislative assembly with absolutely no favoritism, and without fear in facing the most difficult problems. It is the first time in many sessions that a Speaker has been selected without opposition.

The unemployment situation found its way into the Legislative Halls in unprecedented proportions. The House employs about one hundred assistants. Usually there are a couple of hundred applications filed for these positions. This year the House was swamped with nearly eight hundred applicants, the largest majority of whom appeared before various selective committees. Usually a large number of the applicants are from Austin or from near Austin. This year they came from all over the State.

This writer was on the Committee to select twelve Committee Clerks. We had nearly two hundred applicants. They came from a territory which stretched from Shamrock to Brownsville and from Texarkana to El Paso. A large numof them were men who were out of work and had had no work for several months. It was really distressing to hear the pleas of young men and old men with families and other dependents, asking for most any kind of work to tide them over. The committee started hearing these applicants at 2 o'clock in the afternoon and ended at mid-night. Everyone was asked to appear and state his case. It soon developed that most of the applicants were satisfied with part time jobs. The committee clerk's work is of such nature that this arrangement is possible. As a result for the twelve positions, twenty-seven men were given work during the coming four months, most of them working only one-third time for $50.00 per month. Many of them are young married men with families who had nothing to live upon during this period of depression.

Indications are that strict economy will be the watch word of this session. Furthermore, as rules will probably be adopted so that the legislature will not be handicapped and a free hand given for speedy action, this legislature will make a record in disposition of its business. That is the aim of the Speaker and his advisers.

Governor Moody made his last official appearance before the legislature Wednesday. From his first sentence to his last utterance it was quite evident that Dan Moody is looking over the political fence that surrounds Texas with a longing eye for the green pastures of national democracy. His friends advise him to get a job and go to work. His natural inclination is to stay in politics. It was quite evident that Dan hopes to hear the call of Democracy as a candidate for President or Vice-president for the next campaign.

The House of Representatives has the usual 50 per cent turn over, but we drew a large number of seasoned legislators who were former leaders in the House. The large number of new members each year is a bad thing for the State. It does not make possible the most efficient service as it takes from sixty to ninety days for a member to really find himself in his legislative career. Political observers are highly pleased with the personnel of the present body and believe that seasoned with the splendid experience of former members this legislature will be a little faster in dispensing business than past legislative bodies.

The most kindly feeling is shown upon every hand by Governor Ross Sterling. He is going to have the confidence of both the House and Senate during the first part of his administration. He is not showing a disposition to dictate, but to act as a friend and advisor to the lawmaking body. Mr. Sterling's past business experience has shown him that a leader may be a leader but cannot drive others who are his co-laborers. This is a lesson that some other Governors failed to learn.

Chambers of Commerce Pledge Support in Effort to Get Park Bill Passed by Texas Legislature This Session

Coming from every city in the Panhandle and many widely scattered sections of the state, officials of the local Chamber of Commerce have been pledged support of bills toward the establishment of a state park system, by other commercial organizations.

Secretary L. N. George, recently mialed letters to the various Chambers of Commerce, requesting that they state their position on the matter and the replies were very favorable.

A letter from the secretary of the Jasper Chamber of Commerce, Goldman S. Drury, states, "We are very much interested in legislation for a Texas Park System. You may count on us to ask our legislators for help."

Strong support of the park project is voiced in a letter from E. H. Simmons, general manager of the El Paso Chamber of Commerce. His letter in part is as follows:

"On Tuesday, January 6, our Park Committee concluded a joint meeting with our legislators of West Texas, at which time the park question was diccussed. Our representatives are thoroughly sold on the major park program as outlined at the recent Abilene meeting, and they will go to the sessions at Austin on January 13th pledged to do everything within their power for legislative action in the acquisition of the four sites, viz., Caddo Lake, Palo Duro, Davis Mountain and Guadalupe Park Sites. We have gone further and secured colored movie reels of the Guadalupe site which has been sent to Mr. D. E. Colp, Chairman of the Texas State Park Board at San Antonio, together with some financial aid to carry on an active campaign in East Texas for this park program.

"El Paso with the adjacent territory of West Texas thoroughly park minded, as we realize the value of the additional asset as a tourist attraction."

Pampa joins whole-heartedly in the move for the state park system, according to Geo. W. Briggs, of the Board of City Development and Chamber of Commerce. Mr. Briggs is highly in favor of the movement. He says, "We are all highly in favor of making Palo Duro Canyon a State Park.

"I had a talk with Senator Clint Small the other day and he himself is strongly in favor of such a move.

"Any time we can be of any service in the matter, call upon us."

From Eastland comes another message of unity in a move for a Texas and West Texas project. The same spirit prevails as it has in all other movements sponsored in West Texas.

"We are certainly in favor of making a state park out of the great wonder and will do all we can to favor this project," states Dr. H. B. Tanner, Secretary of the Eastland Chamber of Commerce.

Besides offering aid in the matter, Dr. Tanner presented a news item to the Eastland papers which was published under date of January 6, 1931. The article which appeared is as follows:

"CANYON ASKING FOR STATE PARK

"The Eastland Chamber of Commerce is in receipt of a communication from the Chamber of Commerce of Canyon, Texas, stating that an effort is being made to have the Palo Duro Canyon converted into a state park. Co-operation of the chambers of commerce of Texas is asked in furthering the measure.

"Dr. Tanner has written the officials of Canyon stating that the Eastland Chamber of Commerce will aid in any way possible in the movement."

The Dimmitt Chamber of Commerce states, "We are very glad to say that we are behind you strong in your move, and will make every effort possible to help you get this bill through. We have written our State Legislator in your behalf."

A. B. Davis of the Lubbock Chamber of Commerce pledges the support of that body. He says, "We are very glad to work with you to the very best interests of all toward the creation of a park system in Texas."

"Certainly it will be a pleasure to serve you people in your efforts to make Palo Duro Canyon a State Park, and we will take this matter up with State Legislators, and assist in any additional manner we can." is the statement made by J. W. Ratekin, secretary of the Spearman Chamber of Commerce.

"We are interested in the successful outcome of your project," declares Miss Katehrine Boverie, secretary of the Wellington Chamber of Commerce.

In a recent communication from Hon. D. E. Colp, chairman of the State Park Board, he informs Mr. George that he notices an increased interest in the park project among legislators in Austin. A new Texas map showing the location of the four major park projects is now being made under the direction of Mr. Colp and will be printed at an early date.

Such reports are encouraging, Mr. George states and the fact that the interest in the park projects is widespread and not sectional is very gratifying.

Batchelder is Preparing Play

C. W. Batchelder, a member of the public speaking department of the West Texas State Teachers College and director of the Children's Theater in Canyon is preparing "The Dover Road" by A. A. Milne for presentation before the Amarillo Little Theater open meeting in February.

Mr. Batchelder has appeared in Little Theater plays, and before the meetings of the membership in Amarillo, several times.

MRS. COLE STANDS THE TEST

Mrs. Levi Cole, to our way of thinking, is just as much a heroine as if, single-handed, she had routed the bandits and halted the Saturday morning robbery of the First National Bank of Canyon. Mrs. Cole, you'll remember if you read the robbery story, is the wife of the bank's assistant cashier—the brave and loyal helpmate who preferred to stay at her husband's side when he was kidnaped by bandits in the dead of night.

Mrs. Cole's relatives bear witness that she is a nervous woman but her courage did not falter when gruff commands of "stick 'em up" interrupted the night's rest in the Cole residence and the thugs disclosed their purpose of robbing the bank and using the young assistant cashier to open the vault where the money was stored.

Mrs. Cole didn't have to go with the robbers.

In fact, it was their plan to bind her, gag her and leave her at home while they abducted her husband to further their cause.

But Mrs. Cole, facts have borne out, was "afraid Mr. Cole would do the wrong thing and get himself shot." She felt he needed her presence and her influence—and in the final analysis, her protection against these strange gunmen who had swooped from the darkness into the ordinary peaceful little North Plains city. She made up her mind in the twinkling of an eye, without thought of her own safety. Right there Mrs. Levi Cole stamped herself a heroine in the eyes of The Morning Avalanche—and probably in the eyes of every West Texan who read carefully the reports of the holdup.

The editor of this newspaper doesn't know Mrs. Cole. He never heard of her or her husband until their names came tumbling across the busy news wires, a part of the grist of daily events as tabulated Saturday night. But we see in Mrs. Cole the kind of wife this and every country needs more—the kind that "sticks," if you please, through thick and thin, come what may.

And we'll wager that there's nothing wrong in the domestic organization of the Cole home, that there is present in that home of the spirit of generous co-operation and unity of effort.

Somehow or other the incident reminds us of the greatest example of complete devotion—"whither thou goest there also shall I go"—and of the extent of the nuptial vow "in sickness or in health, for better or for worse." We miss our guess if the side incident to the Canyon bank robbery does not comprise a lesson to be applied in many West Texas homes and with wholesome effects.—Lubbock Avalanche.

MR. AND MRS. DUNGAN ARE HONORED WITH PARTY

Quite a surprise was the delightful affair planned and carried out Friday evening by friends of Mr. and Mrs. W. T. Dungan in honor of the newly wedded couple. Mr. and Mrs. Dungan, who were recently married at Durant, Oklahoma, arrived in Canyon a short while ago to make their home here at 2204 Fifth Avenue. Mr. Dungan is an official in the Randall County Cowtesting Association and has made his residence in Canyon since June, while his wife is a newcomer, formerly Miss Lena Pearl Nichols of Melissa, Texas.

Friday evening several members of the Association and other of their friends gathered at the home of Mr. and Mrs. W. H. Upchurch and from there proceeded to the home of Mr. and Mrs. Dungan. Immediately upon arrival the ladies showered the bride with many useful and beautiful household articles. A lovely gift of a set of silverware was presented the couple as a gift from the guests as a whole.

Tables were placed for the guests and forty-two was enjoyed during the evening. Each lady brought a covered dish and refreshments of sandwiches, cake, coffee and grape juice were served at the conclusion of the games.

Those present were: Mr. and Mrs. Dungan, Mr. and Mrs. Levi Cole, Mr. and Mrs. W. H. Upchurch, Mr. and Mrs. E. Gidden, Mr. and Mrs. H. R. Fulton, Mr. and Mrs. L. G. Fulton, Mr. and Mrs. J. W. MRS. ATKINSON HONORED WITH LUNCHEON THURSDAY

Mrs. F. G. Atkinson of Minneapolis, national worker in the American Association of University Women was honor guest of the college and the local branch of the A. A. U. W. at a luncheon given Thursday at noon in the home economics dining room.

The dining room was attractively decorated with smilax and sweet peas. The two honor guests, Mrs. Wyatt, and Mrs. Atkinson were presented beautiful corsages during the luncheon.

During the luncheon Mrs. Earl G. Wyatt presented to the group a copy of a pictorial map of early Panhandle history, because of the interest shown in it, and because the Canyon and Amarillo branches have worked out this map as a project to add to the Fellowship Fund of the A. A. U. W.

Mrs. Atkinson spoke of the $40,000 Fellowship Fund, and explained that this fund would make possible the offering of twenty-five nual fellowships to women over the United States.

Among the thirty-five who were served plates by the Kappa Omicron Phi were: Pres. J. A. Hill, Dean R. P. Jarrett, Mrs. F. G. Atkinson, Mrs. Earl G. Wyatt, Mrs. C. M. Holt, and Mrs. E. H. Reedy of Amarillo, and Miss Frances Lester, and Mrs. Ethel Peterson, seniors who represented future members of the society.

MRS. INGHAM HOSTESS TO 1930 BRIDGE CLUB

Entertaining the members of the 1930 Bridge Club Mrs. S. L. Ingham was a charming hostess Friday afternoon. Three tables were placed for guests. A salad course was served at the tea hour.

Mr. and Mrs. Felix Neff and son and Miss Winnie Davis visited in the home of his father, P. J. Neff in Happy Sunday.

Mrs. T. A. Kay and son, Hugh, were visitors in Amarillo Friday where Hugh took part in the basketball games.

for FURNITURE and FLOORS

SMILING floors and cheery furniture are merely a matter of surface appearance. Your floors, if they are properly refinished, will look just as nice as the floors in a new house and your furniture, under similar treatment, will rival the pieces in the furniture store windows.

The change is very easy to accomplish with LOWE BROTHERS NEPTUNITE VARNISH STAIN for it stains and varnishes at one stroke of the brush. It colors all of the cuts, scratches and marks making the surface uniform and it brings out the beauty of the wood grain.

Neptunite Varnish Stain is very easy to use. It stains and varnishes at the same time and it comes in a variety of pleasing colors.

TRIBUTE PAID TO LATE MEMBER LEGION AUXILIARY

As a beautiful tribute to the late Mrs. Ida Barnett Ball, who was a member of the Palo Duro Unit of the American Legion Auxiliary, and wife of Legionnaire, R. E. Ball, a special prayer service was held Monday afternoon at the Unit's regular meeting in the club room.

Mrs. John S. Humphreys, chaplain, conducted the service and spoke of Mrs. Ball as she had known her and of her wonderful Christian life. Mrs. Ball held the office of second-vice president in the organization at the time of her death.

Mrs. Tom Knighton, president, presided during the business session. Mrs. A. L. Walsh was elected sergeant-at-arms and Mrs. J. Madison Daugherty was elected second vice president.

Mrs. Hubert O. Price, in the absence of Mrs. Daugherty who is Community Service chairman, read a paper on Community Service in which she gave the slogan, "Every unit a community asset" of the Service Commission Department of Texas. "If the American Legion Auxiliary works for the betterment of the community," added Mrs. Price, "much good may be accomplished not only in our own community, but in the state and nation."

The auxiliary is sponsoring the Girl Scout movement in Canyon as a community project. A minstrel is being planned for the future and a committee composed of Mrs. T. H. Knighton, chairman; Mrs. Roscoe Davis, Mrs. Ralph Harter and Mrs. Price, have been appointed to work out details.

MRS. MARGARET COLE INITIATED INTO LODGE.

Initiation service for Mrs. Margaret Cole was the feature of the evening at the regular meeting of the Canyon Rebekah Lodge following the business meeting which was held at 7:30. The degree team was dressed in white uniforms and wore pink carnations to carry out the lodge colors of pink and green.

The local organization also held installation services for the officials of the Tulia lodge. Miss Columbia Redfearn acted as installing officer. Those who attended from Tulia were: Mr. and Mrs. Lige Stevens, Mr. and Mrs. H. E. Garrett. Mrs. Frances Cameron, Mrs. Anna Mosley and Ivy Honeycut.

The Valentine motif was carried out at the refreshment hour. Mrs. Marie Hair, Mrs. Bertie Strain, and Miss Mae Warren were hostess for the evening and served delicious refreshments of sandwiches, salad, pound or angel food cake, cocoa or coffee with mints. Plate favors of Valentines were used and carnations and pink candles added to the attractiveness of the snowy tables.

Members present included: Mrs. Minnie Hendrix, Mrs. Ruby Tanner, Mrs. Lucy Brown, Mrs. Helen Benge, Mrs. Myrtle Stratton, Mrs. Maude Wagy, Mrs. Ida Johnson, Mrs. Nannie Myers, Mrs. Mary Weeks, Mrs. Winnie Loudder, Mrs. Bertie Strain, Mrs. Marie Hair, Mrs. Bruce McIntire, Mrs. Pinkie McBride, Miss Olive Schramm, Miss Mae Warren, Miss Columbia Redfearn and S. Chic, Color Mark New Sports Outfits

LATEST CREATIONS FROM PARIS HAVE WARMTH WITHOUT USUAL BULKY LINES—CLOSE-FITTING VISORED CAPS SUPPLANT LAST SEASON'S BERET

BY HARRIET

SNOW banks and glistening frozen lakes have come into their own this season with the advent of the gayest and most becoming costumes for winter sports that have yet come from Paris.

Patou is one of the masters of design who has done particularly well by the young women who are skillful with skis, snowshoes and ice skates. Patou's winter sports outfits are practical as well as picturesque and they have warmth without clumsy, bulky lines.

Bright, warm colors are favored. Yellow and brown, scarlet with navy, and all of the greens are seen. As with street clothes, it is in the accessories that one's fancy for vivid hues may run riot. Most of Patou's skiing costumes are made with loose, blousing trousers and short tailored jackets roomy enough to be worn over a sweater. Heavy woven scarfs, gloves and socks turned down over the boot tops complete the jaunty ensemble.

The beret, universally worn last winter, has been supplanted by close-fitting, visored caps of the same material as the costume. These caps have flaps (so reminiscent of Sherlock Holmes' famous checked headpiece) which can be unsnapped and brought down over the ears.

The general effect of such a costume is extremely boyish. What a double life Dame Fashion calls upon her devotees to lead! By night they must be demure and maidenly; by day they must be pink cheeked, slim-limbed young athletes.

An outfit designed by Patou for wear at St. Moritz is made of heavy ribbed waterproof woolen fabric in a soft shade of yellow. The Norwegian trousers are topped with a belt of self material. The man tailored blouse of heavy white crepe has a dark brown bow tie. Over this is worn a hand-knitted cardigan, also dark brown, and a short, double-breasted jacket with wide lapels. The cap is of the yellow woolen. Boots worn with the costume are dark brown and the socks are yellow with a brown border.

A typical ensemble for winter sports this year is the smart suit above, made of a heavy ribbed waterproof woolen fabric in a soft shade of yellow. The visored cap, which can be unsnapped and brought down over ears, is a distinctive feature of the outfit.

Another Patou skiing ensemble has trousers and coat of dark brown whipcord with scarf, gloves and socks made of "boucle" wool in a matching shade of brown flecked with yellow. Under this there is a heavy white crepe blouse with brown tie. The cap designed for this outfit is part whipcord, part boucle.

For those who take their winter exercise less strenuously, strolling through the park or motoring, Redfern suggests a hip-length jacket of brown seal belted with leather and with a collar that may be turned down or brought snuggly up about the throat. The jacket is worn over a one-piece frock of jersey tweed which combines brown, beige and white. The tiny brown beret, quite simple except for a jeweled clasp, gains sophistication from a wisp of a veil dropping over the forehead.

Church Column To Be Feature Soon

The News wishes to inform its readers that beginning with the issue of Thursday, January 29th, we will publish a column devoted entirely to church services and church society announcements.

We are asking that the announcements be in our hands by 6 o'clock each Tuesday. If no announcement for your church appears, on any partciular week, you may know that the notice failed to reach our office in time for publication.

The information desired for this column will be the programs for the coming week, including missionary meetings, prayer and Sunday services in which the time, place and subject (if desired) are given.

The News sincerely hopes that this column will meet with the approval of all and asks that the ministers, the church officials and the officers of the various departments and societies bring in their announcements or Call 41 before 6 o'clock Tuesday.

Cow Finishes Test of Register Merit; Has Good Record

Another marked advancement in dairy herd improvement of this county was noted when the announcement was made a few days ago by the American Jersey Cattle Club, that Fern Star Bella, a purebred, Jersey Heifer, owned by C. C. Stewart, of the Zita community, had fulfilled the requirement for a register of merit test, as a junior two year old.

During the period of 294 days she was on test she produced 5.891 pounds of milk and 352.2 pounds of butter fat. This was a production of 99.2 pounds of butterfat more than that required of a register of merit cow in the junior two year old.

This record, which had placed the cow in the AAA class, was achieved under ordinary farm conditions and the cow was milked only twice daily and fed on a home mixed ration.

Mr. Stewart, who has a herd of purebred Jerseys, has several other cows on the register of merit test at this time, which promise to produce good records by the time they have completed the test.

To Advertise Palo Duro with Stamped Slogan

Canyon merchants have begun the use of a new method of advertising the Palo Duro Canyons to the outside world. This week hundreds of letters going out from Canyon have borne these words, "Palo Duro, The Scenic Wonder of Texas."

The slogan has been stamped on the stationery and other out-going mail by a number of firms by the use of a rubber stamp furnished by the Chamber of Commerce.

This new method of advertising which has met with favor among business men here, was suggested by Fred A. Emery of Chicago. In submitting the idea, Mr. Emory said:

"Strangers will not know whether it stands for mineral water, or what. Hence they will ask questions and talk about it. That's what we want.

"Furthermore, to those who are acquainted with the "Palo Duro" it will serve to keep the "park" idea uppermost in their minds."

Russian Chorus Poular Prices Balcony, 50c

The Royal Russian Chorus of singers, dancers, and players will appear at the Amarillo Municipal Auditorium Friday and Saturday, January 23 and 24.

RESOLUTIONS

Once more the Death Angel has visited our Chapter, and called from our midst our beloved Sister, Ida Ball. For a time we walked with her in the pilgrimage of life and around the same altar we learned the lessons of our Order.

Our Sister has finished her alotted task in the conflict of life. The chapter of her earthly sojourn is closed but her many virtues shall not go unrewarded.

Be it resolved that Canyon City Chapter No. 105 O. E. S. extend to the bereaved family our sympathy and love; and commend them to the care and protection of our Heavenly Father who doeth all things well.

"From our chain a link has fallen,
In the East a Star has set,
But enshrined in Memory's tablet,
Her true worth we'll ne'er forget"

Be it further resolved: that these resolutions be spread on the minutes of this Chapter, a copy be sent to the bereaved family, and a copy sent to the Canyon News for publication.

Respectfully submitted,
THELMA BLACK,
VERNA A. CRAWFORD.

THE EAGLE'S TALE

VOLUME NO. 5 CANYON, TEXAS, JANUARY 22, 1931. NUMBER 17

Chapel

Real music was in the air when the Trombone Quartet from the college entertained the students of C. H. S. Thursday in chapel.

Three slide trombone quartet numbers were played by the following: Winston Savage, Charles Kiker, Bill Strain, and Joe Hill Jr. A duet followed played by Charles Kiker and Winston Savage, accompanied by Miss Jessie Loudder. Joe Hill Jr., gave two whistling numbers. A quintet consisting of James Kinadey, Bill Strain, Joe Hill, Jr., Charles Kiker and Winston Savage were next heard.

Much loud and long applauding gave proof that every one enjoyed this program extremely.

Rev. Pond spoke to the students of C. H. S. Thursday morning. His topic was the "Riddle."

Out of the eater came forth meat.

Out of the strong came forth sweet.

He compared the lion which Sampson killed to the temptations of life. He showed the difference between right and wrong in a very interesting way. He made a challenge to every girl and boy to yield not to the temptations but to choose the right.

C. H. S. Girls Defeat Quintet From Panhandle

Canyon's girl basketeers took Panhandle into camp last Friday night at Panhandle.

After being only one point in the lead at the end of the third period and the Panhandle band backing its team the Canyon team settled down to real basketball. Fowler, forward was high point player with a total of 16 points.

The start: Fowler and Solomon, forwards; Jameson and Wiseman, guards; Miller and Lockwood, centers. Substitutions: Gill for Wiseman at guard, Bowman for Miller at center.

MISS GOLDEN ENTERTAINS

Saturday night Miss Jeanette Golden entertained a number of her close friends with a slumber party. About 10:30 all the guests arrived and the fun began. Popcorn and games were enjoyed until all felt sleepy. Those present were Celestine McGee, Bettye Sternenberg, Mildred Middleton, Elizabeth JaJmeson, Katye Bowers Lowe and the hostess Jeanette Golden.

EAGLES VS. PAMPA

The C. H. S. quintet of basketeers handed Pampa another defeat. The Eagles ran up 27 points to Pampa's 24. The game was a neck and neck race up to the last period when the Eagles got their lead and held it.

J. L. Harden, the forward, succeeded in again being high point man with 10 points to his credit. Harden was closely followed by Wiggins who had a total of 7 points. Pearson was next in line with 6 points. The guards, Cabe and Tucker had 2 points each.

This game permitted the Eagles to go to the tournament held in Amarillo last Thursday and Friday.

GIRLS' ASSEMBLY

Thursday, January 15th, the girls' assembly met in the auditorium for their usual meeting. A very interesting program was given including talks by Lucile Davault, Alice Smith, Bonnie Davis, and Phyllis Bryant. Much helpful advice was given to the girls on appropriate apparel for school, evening, street and office. Also, advice was given on costume jewelry.

BOYS' ASSEMBLY

Instead of having the regular class meetings the boys met in the study hall and the girls in the auditorium last Wednesday evening. Thomas Gerald, chairman of the program committee, took charge. Willard Middleton read several jokes about students and teachers in the Canyon high school. Reece Hough and Bill Chambers played two or three selections on the guitar, accompanied by John Guthrie on the French harp. Bill Chambers then played and sang two solos. After that the meeting adjourned.

Clubs

The Wide Eyed Wonders, the Sophomore home room, elected new officers Friday to preside over the club throughout the remainder of the school term. Louise Wester was re-elected president; Leonard Brasuel was elected vice president, and Kate Barnett, secretary. Members of various committees, program, social and athletics, were chosen by the officers.

C. H. S. TALKIES

The C. H. S. Talkies held their regular business meeting last Tuesday afternoon. Miss Weter discussed the National Oratorical Contest which is to be held April 21st. Irving Gamewell read "Casey at the Bat." Miss Weter read "The Blind Man and the Elephant." Other selections were read by members of the club.

EL CIRCULO CASTELLANO

El Circulo Castellano held its regular meeting Tuesday, January 6th. The following program was rendered:

"Gigantic Brazil and Its Glittering Capital"—Nan Johnson.

"Pursuing Spanish Bypaths"—Lula Visage.

"Oracion a La Banderia"—Anna Johnson.

"Burgos y El Cid"—Maudena Bishop.

SCIENCE CLUB

The Science Club met on January 13th at the daily activity period. This was the first meeting for 1931. Merle Tucker nad Nancy Strain discussed some of the most interesting and useful inventions made during the past year. The remainder of the period was given over to the discussion of the plans for this year.

The good old days were those when the whole family always ate breakfast at the same time.

MISS GIDDEN ENTERTAINS

Sybil Gidden delightfully entertained a group of the high school students Friday night, Jan. 9.

The entertainment consisted of dancing and the playing of games. After delicious refreshments were served the guests departed admitting that the evening had been a very enjoyable one. Those present at this social affair were: Mildred O'Donald, Elizabeth Jameson, Melva Gamewell, Celestine McGee, Marie Landress, Claire Lockwood, "Boots" Herndon, Sybil Gidden, Betty Sternenberg, Bill Strain, Clarence Wooten, D. B. Pearson, J. L. Harden, Wilford Taylor, Hosea Foster, Jim Cabe, Douglas Henson, Herbert Slack, Jimmy Gamewell, Bill Shackelford, and Richard Gidden.

Eagles Win One Lose One in Amarillo Games

The Eagles participated in the tournament held in Amarillo last Friday and Saturday. The C. H. S. quintet won their first game from Bushland, but were ruled out by the San Jon, N. M. team.

Playing a crack game, the Eagles downed the Bushland basketeers by a one sided score of 31 to 6. Coach Brady played every man that he took with him. With a spurt of speed in the last half, the Eagles forged ahead to end the game well in the front.

Saturday morning brought the Eagles against San Jon, New Mexico. The Eagles immediately took the lead and held it until the last four minutes of the game. With a sudden burst of speed the San Jon quintet began making long shots and made eleven points in four minutes, leaving the score 25 to 19.

Caught With The GOODS

It's the beginning of a new year and we're caught with a lot of goods that under normal conditions should have been sold before the holidays. But they weren't and rather than carry these over, we've decided to cut their prices to such deep reductions that it will be greatly to your benefit to take them off our hands.

Accordingly these fine hand-boarded, steer-hide, laced-edged, all-leather lined bags with attached mirrors and purses are being offered at prices that are humiliating to their smart style and fine quality! For instance:

1 $20.00 brown steerhide bag—gold design. Laced. Zipper pocket, 10x6¾ in. $13.00

1 $15.00 brown steerhide, gold design. Laced edge 10x6¼ inches $10.00

1 $13.50 black steerhide, gold design bag, 7¾x5¾ inches ..... $ 8.00

1 $12.00 brown inlaid Florentine design, 7¾x5¾ inches ..... $ 7.50

1 $11.50 black steerhide Florentine design, 8¾x5½ inches ..... $ 7.00

Why Winter Cooking Requires More Gas

Consumers who use gas for both cooking and heating realize why their bills are higher in winter than summer. They know that it takes much more gas to keep them warm during severe months than in periods of mild weather.

In cases, however, where gas is used only for cooking, consumers sometime wonder why their bills water you drink in summer.

There are several reasons, one of which is that more hot food is eaten in winter than in summer.

Water coming from the faucet in summer frequently averages around 70 degrees in temperature, while in winter it may average as low as 45 degrees, or a temperature lower than that of the ice water you dring in summer.

Thus, in winter, the temperature of the water may have to be raised 167 degrees to reach the boiling point, while in summer it may be necessary to raise it only 142 degrees—or even less.

This same situation applies in more or less degree to all branches of cookery. The articles of food go into the oven or on the stove at a lower temperature than in summer, the utensils are colder and the air around the stove is colder—so more gas is required for cooking in winter than in summer even if the same menus are used.

The West Texas Gas Company organization works diligently throughout the year to the end that you may enjoy A REALLY GOOD GAS SERVICE, whether it be on the Fourth of July or during the bitterest wave of winter cold.

Burton's Buffaloes Play Inspired Basketball Before Capacity Crowd as Phillips Crew Barely Wins 30-28

Thundering up and down and across the court Saturday night, Coach Sam Burton's five Buffaloes, drew the everlasting praise of the capacity crowd which packed the Buffalo Gym to see the Herd tangle with the Phillips "66" all-stars. The work of the Buffaloes, drew high praise from Coach Lou Wilke of the "66" bunch which barely nosed out the Buffaloes by a two point margin, in the fastest game, all declared, ever played on a local court.

Playing an inspired game, the like of which was unknown to West Texas fans heretofore the Herd forced the Phillips group of nationallly known cage stars to show the fans all the power they had in winning the game Saturday night.

"Happy" Joe Fortenberry, formerly mainstay of the Happy High School, who is proving to be a marvel as a freshman in the TIAA loop this year, out jumped and outplayed the noted Mullican, said to be an All-American cage man. Teams at West Texas coached by Sam Burton, have won fame for themselves and a name in the halls of basketball honors for the institution, but never has basketball been played by a Burton team as it was Saturday night, when the Herd playing true Burton style, swept the Phillips crew off their feet to run up a nine point lead in the first minutes of play, before the visitors scored a single counter, and leading the all-star bunch for the first 18 minutes of the game.

With an air tight defense facing them the Phillips "66" team realized that they needed to shoot the works after the first few minutes of play. It took just that to stave off a defeat at the hands of the Buffaloes. The Buff machine was clicking effectively, with big Joe hitting the ball regularly, while the defense wall held as the first half ended with Phillips men trailing by a 15-13 score.

The Buffs continued to hold their lead until Hatch Brown was ordered off the court because officials declared he had four personal fouls charged to him, while the howling mob claimed it was only three black marks.

The score stood 20-19 for the Buffs when Brown, who had played a sparkling game at guard, was retired. The Phillips crew then opened a scoring spree that led them to a 27-21 score in their favors. With a few minutes to spare the fast offensive of the Buffaloes, working once more caused the heavy lead of the Phillips team to melt away.

Two minutes to play and the Oilers held the long end of the 30-34 count. Then in forty-three seconds the Herd cut that lead to two points. With only five seconds to go, the ball in possession of Bob Clark, the howling mob, standing and urging him on, Clark dribbled from the farther end of the court to his own territory and shot the ball high in the air. It fell on the rim of the basket, balanced there a second and rolled outward as the timekeeper's gun sounded the final move of the spectacular game.

Following the game, Louis Wilke, Phillips coach, declared the Buffaloes were the best team his aggregation had met so far this year. The Oilers have played 22 winning 21 of them. He highly praised the work of Fortenberry.

Specify Accurately Graded Lumber

With graded lumber you KNOW that you are getting the best. There's no chance to go wrong . . . every possibility of error has been removed for you by inspectors whose duty it is to throw out every piece of inferior lumber. And graded lumber costs no more . . . in fact, it's cheaper than the other kind, considering the service it gives. We can serve you with all kinds of graded lumber.

the
Broadcasting Rehearsal
was thrown into Confusion

HURRIED whisperings, staccato exclamations, buzzed through the New York studios of the National Broadcasting Corporation during a final rehearsal one evening recently. Thirteen minutes more, and "The Empire Builders," a program sponsored by the Great Northern Railway, would "go on the air."

Suddenly a protest: "That whistle's wrong! Who ever heard a train whistle like that?"

The whistle had been described by the railroad, and the description faithfully followed by the Sound Effects man. But the element of doubt, tossed before the already tense performers, threatened demoralization of the entire program. One man kept his head. Calmly, even casually, Raymond Knight,* production manager, reached for the telephone.

"Long distance? Give me the Great Northern Railway at St. Paul, Minnesota. This is an emergency call."

"Hold the line please"—and in less than a minute and a quarter Knight was talking to the Great Northern official in charge of the broadcasting program.

"That train whistle, just as it goes into the tunnel—is it right?" Knight asked. "It seems funny and shrill to us here. Listen, and I'll *blow* it for you."

"The whistle is all right," pronounced St. Paul and explained: "It's not a regular steam whistle. It's an air whistle, on an electric train backing into a tunnel."

"O. K.," smiled Knight. And the program proceeded.

* * *

Whether it be an emergency . . . a matter of business routine . . . or a friendly "hello" . . . you'll find "long distance" ready to serve you quickly at any time . . . day or night.

Nothing is as satisfying . . . and reassuring . . . as conversation. Remember "long distance" is fast. It's clear. And—it's inexpensive. You can talk 100 miles for 35 cents (night station-to-station rates). Southwestern Bell Telephone Company.

*In his less serious moments Knight is "Ambrose J. Weems" of "Station KUKU."

American Legion Improves Building and Makes Repairs

Since taking over the Legion Hall as its permanent home a short time ago, the Palo Duro Post No. 97 of the American Legion has greatly improved the building and the equipment.

The building has been recently re-painted on the outside, and partly on the inside. The grounds have been cleaned up and the Legion plans to beautify the lawn when spring comes.

New hardwood floors have been put in a part of the building and club rooms for the members only have been arranged. New domino tables, chess and checker boards, a pool table and a billiard table have been added as an entertainment feature for the benefit of the Legion members.

Company F of the National Guard which uses a part of the Legion Hall as its headquarters, is stationed in the north part of the building. The old stage of the auditorium has been boxed in and is used as the supply room of the Company and a room on the north side of the stage is used to accommodate the officers of the Company.

Captain W. E. Lockhart, who is commander of the local company and who is also Post commander of the American Legion states that the Legion is chartered as a charitable and benevolent organization and is not primarly a social club as many believe. A large part of the funds raised during the past year by the organization was sent to disabled soldiers at various hospitals and to aid in caring for war orphans.

It is stated that the Legion proposes to let any organization of the county use the auditorium as a meeting place. Any gathering of any group will be welcome to use the auditorium as a meeting place, Legionaires state.

EIGHT GIRLS ARE IN RACE FOR QUEENSHIP

OTHERS WILL BE SELECTED LATER; ALL WILL TAKE PART IN PLAY

Last week was a time of many meetings all of which were for the meetngis, all of which were for the primary purpose of electing candidates to run for College Queen, in the contest being sponsored by the Le Mirage. To date eight organizations have selected their candidates for this race.

At the class meetings held Saturday, the following girls were chosen as representatives of the respective groups: Frances Snodgrass, freshman; Jessie Loudder, sophomore; Dorothy Staley, junior; Frances Lester, senior.

The two girls' literary societies, Sesames and Elapheians, also chose representatives. Esther Root is to represent the first in the race, while Beth Pitts will be the Elapheian candidate.

The two other organizations which have chosen representatives are the Pi Omegas, and the Triple R's of Randall Hall. Geneva Golden was chosen by the Pi Omegas, and Laura Blanche Adkins by the Triple R's.

These eight girls, and others who have not as yet been elected will be the ones to appear in the Le Mirage play, which is to be the means this year of selecting the six college favorites. Further information in regard to the play will be published later.

H. A. Williams Died Here Early Wednesday a. m.

Funeral services were held Wednesday afternoon at 3 o'clock for Henry Albert Williams, who died at his home at 3:15 Wednesday morning. Services were held at the Church of Christ, conducted by the pastor, Rev. John O'Dowd.

Mr. Williams, who was care taker of the athletic field of the College, had been a resident of Canyon for the past 15 years. He was a native of Race Springs, Tennessee, where he was born, February 2, 1879. He was a member of the Church of Christ.

Surviving are his widow, two daughters, Mrs. Vera Williams Young, Amarillo, and Miss Gracie Williams, Canyon, and two sons, Howard and Wesley Williams, Canyon.

Pallbearers were: S. H. Jones, Travis Shaw, Mack Stewart, H. W. Cabe, Mitchell Jones and E. H. Porter.

Interment was at Dreamland Cemetery under the direction of the Griggs - Thompson Funeral Home.

Oldtime Cowman of County Buried Monday Afternoon

John McGill, 79, an old time cowman of this county, who died in an Amarillo hospital Saturday afternoon, following a long illness was buried here Monday. Funeral services, conducted by Rev. W. C. Kunze, pastor of the First Presbyterian Church, were held here at the home of Mr. and Mrs. E. D. Harrell, at 2 o'clock Monday afternoon.

Mr. McGill, who has been a resident of this section for more than 20 years, was a native of Ohio, having been born there in 1851. He is said to have left his home there in the '70's and was in the mining business in Colorado and other western states for a number of years, before finally locating in the Panhnadle. He was a member of the B. P. O. E.

The deceased had no known living relatives.

Pallbearers were: Geo. Jones, Grady Oldham, Geo. Tomberlin, D. A. Parks, Newton Harrell and Oscar Hunt.

Interment was at Dreamland Cemetery under the direction of the Griggs-Thompson Funeral Home.

FOOD FALLACIES

Popular ideas about food are a strange admixture of truth and fiction, according to a recent article by Dr. Lieb, an authority on diet. Particularly is this the case with respect to notions of what is good for people, or not good for them, under varying circumstances.

For example, bananas and nuts were long thought to be hard to digest, but if the bananas are ripe and the nuts are chewed sufficiently they are among the most easily digestible of foods.

The prejudice against raw foods is also unwarranted it is said. Raw corn, wheat and other starches in moderate amounts are completely digested, while raw potatoes are 78 per cent digestible. The craving of some children for raw potatoes may be indulged to a reasonable extent without harm, and the same is true of raw cabbage and lettuce.

Drinking water during meals was long thought to be harmful to the digestion, but for normal persons it is now declared to be beneficial if sipped in between swallows of solid food.

Forcing children to eat spinach or other foods which they do not like is not good for them, as the feeling of repulsion which they experience hinders digestion.

While the doctor does not say so in as many words, it appears that a rather safe rule of diet is to eat what one likes, provided it does not produce any disagreeable after effects. And regardless of advice, that is what most of us insist on doing anyway.
